\*After crossing the border stay on the right lane and follow the signs that say “Rosarito-Ensenada Cuota” (cuota mean toll road)

\*After that just follow the road. Its very easy.

\*After the third toll booth, you’ll go through some fish factories that stink, a couple of miles after that get off the main road towards the UABC (Universidad Autonoma de Baja Ca.)

\*Then just follow the map shown above. CICESE is on the hill across the main road from the UABC.

\*It will take you about 2 hrs to get there, since it is the first time you are driving there I would leave at least 2 ½ hours before the talk
